Entries and Meet Schedule

Individual Events

Each school may enter an unlimited number of athletes per event. Only the top four swimmers from one team in each event may qualify for finals and score points. If fewer than 16 swimmers qualify for finals, additional swimmers from a team may advance as non-scoring participants.

Relay Events

Each school may enter one A relay and one B relay per relay event. Only the A relay may advance to finals and score points. If the A relay is disqualified, the B relay may advance to finals and score points instead. Up to eight swimmers may be declared for each relay: four swimmers in their proper order and four alternates. Only athletes who actually swim the relay will have it count toward their event total.
