Dear Mayor Alemanno,

Re: Roma Capitale Investments Foundation

We were delighted to receive Mr. Giorgio Heller's letter of July 12, 2012, inviting us to participate as a Founding Partner of the Roma Capitale Investments Foundation.

We consider the Foundation to be an extremely exciting initiative and are very pleased to confirm that BunkerSec would indeed be interested in joining the Foundation as a Founding Partner, subject to agreement on the relevant terms governing our participation.

We congratulate you on this important initiative and look forward to the opportunity of being an active member in the Foundation and its Scientific Committee, and to contribute our experience and expertise in designing, characterizing and managing large-scale technology projects for the benefit of the City of Rome.

Yours sincerely,

Gonen Vardi, CEO
