ARIZONA & SOUTHWEST

ONE PARTNER. MULTIPLE TRADES. SIMPLIFIED DELIVERY.

Integrated field execution for builders, developers, institutions, and project owners throughout Northern Arizona.

STATEMENT OF QUALIFICATIONS

2026

STATEMENT OF QUALIFICATIONS

BUILT TO SUPPORT THE BUILDER.

Nanke Construction brings together the critical early and structural scopes of construction under one coordinated field team. Our model grew from years of self-performing these trades on Nanke projects and refining the sequence, communication, and accountability required to keep demanding work moving.

01

GRADING & EXCAVATION

Site preparation, excavation, grading, trenching, backfill, and related earthwork.

02

FOUNDATIONS

Foundation masonry, concrete, reinforcing, slabs, and structural concrete scopes.

03

STRUCTURAL FRAMING

Wood framing, structural steel integration, and coordinated structural assemblies.

CORE CAPABILITIES

COORDINATED FIELD DELIVERY.

- Preconstruction scope review and constructability coordination
- Grading, excavation, trenching, backfill, and site preparation
- Foundation masonry and concrete
- Reinforcing, slabs, and structural concrete
- Wood structural framing
- Structural steel coordination and installation
- Sequencing across related structural scopes
- Residential and commercial project support

CONTRACTOR

LICENSES

HOW WE WORK

ONE PARTNER. MULTIPLE TRADES.

By coordinating adjacent scopes under one operating team, Nanke Construction is structured to reduce handoffs, simplify communication, and maintain momentum from sitework through the structural frame.

PARTNER WITH US

LET'S BUILD.

Nanke Construction works with custom home builders, general contractors, developers, and project teams that value dependable field execution and straightforward coordination.
