THE WORKFLOW

01 YOU RECORD
Your leaders choose the topic, record, and send the audio.

02 WE PRODUCE
We edit, publish, write the question, and prepare resources.

03 STAFF RESPOND
People listen, submit Exit Slips, and answer pulse questions.

04 LEADERS FOLLOW UP
Use response themes to shape the next conversation.

WHAT THE SCHOOL PROVIDES

A leader or host to record, clear priorities for each episode, and follow-through on staff feedback. Live meetings still matter for emergencies, confidential matters, and genuine collaboration.

This meeting could have been a podcast.
