Dear Sponsor,

Women Physicians of Tampa Bay was established in 2023 and formed as a non-profit entity in 2026 with a shared vision: to empower, support, and connect women physicians across the region. What began as a small community has grown into a powerful network of more than **450 members** spanning every medical specialty, united through Facebook and WhatsApp.

Our group thrives on meaningful connection — through **monthly meetings**, continuing education, mentorship, and the kind of peer support that helps each of us navigate an ever-changing and demanding field. We are especially committed to lifting up younger physicians, helping them build confidence, finding their footing, and forging lasting professional relationships.

We are proud to announce the release of our **inaugural magazine** — a first-of-its-kind publication celebrating and featuring the profiles of women physicians in the Tampa Bay area. This launch marks a landmark moment for our community, and we invite you to be part of it.

We are seeking **financial partners and sponsors** who share our commitment to elevating women in medicine. Your support will help make this launch event a resounding success and ensure our magazine reaches physicians, patients, and the broader community it deserves to serve.

Thank you in advance for your consideration and support in enhancing our community's health through this partnership. We look forward to working with you.

To learn more about sponsorship opportunities, please contact us through email or phone. We are happy to provide the sponsor registration form, W-9, and other payment-related documents upon request.

Sincerely,

Women Physicians of Tampa Bay Leadership Team
