Michtav Bracha

Nissan 5786

The establishment of a GEMACH ,a fund for the making of interest-free loans , has long been regarded as one of the highest forms of tzedaka. First ,as opposed to a handout ,it deeply respects and enhances the dignity of the recipient.Second ,as the loan is repaid and the monies are recycled ,it can be used again and again to benefit numerous recipients . Rabbi David Israel, a dear friend and a very skilled entrepreneur,has created an online program that makes it very easy for contributors to create such funds .I highly endorse this program as it will enable the fulfillment of the mitzva of tzedaka at the highest level.May his efforts be blessed with hatzlacha .
