

VIRTUAL CAREER FAIR · MALAYSIA · 15-19 FEBRUARY 2027

DC Careers Week Malaysia

The virtual career fair for data center talent in Malaysia. Meet 1,000+ data center professionals, fully online, with no booth to staff. From 15 February, candidates matched to your roles appear in your employer portal.

How you get talent

-  **1. Share up to 9 open roles.** Any mix across Build it, Run it and Protect it (below).
-  **2. We bring the talent.** Our team has already helped a leading data center operator make 350+ hires in Malaysia, and we promote the fair all week with five articles on data center careers.
-  **3. Every candidate is profiled:** resume, specialization, current and expected salary, notice period and right to work.
-  **4. Review and reach out.** Invite your top picks to interview directly, or let our team schedule them for you during event week.

Every data center role, in three areas

20+ data center specializations, including energy, sustainability and liquid cooling roles, grouped by the people who build the site, run it and protect it.

Build it

Designing and delivering new sites

Construction and project managers, site supervisors, MEP engineers, commissioning engineers, liquid cooling engineers, quantity surveyors, and more

Run it

Keeping sites running 24/7

Shift and critical facilities technicians, facility managers, electrical, mechanical and cooling engineers, energy and power management engineers, NOC engineers, and more

Protect it

Keeping people, equipment and data safe

Security managers and supervisors, fire protection specialists, HSE officers, compliance specialists, and more

Employer pass

S\$3,500

One price, no placement fees. Everything you need to hire from DC Careers Week:

-  **Every candidate matched to your roles.** See each one with match score, current and expected salary, notice period and right to work, in your employer portal until 30 days after the event.
-  Optional interview scheduling by our team during event week.
-  Your logo on the event page.
-  Your jobs highlighted throughout the week.
-  A premium company page on DC Jobs.

Add-on: sponsor an article

+ S\$1,500

"Supported by [you]" on one of the five articles, a short segment from your team, and your jobs embedded in the article. One sponsor per article.

 **1,000+** data center professionals expected

 **Next step:** reserve your place at dcjobs.asia/career-fair by 18 December 2026.

Places are confirmed in the order we receive them.
