LED G4, 12 V, 3W

Sent with the current
transformer

CEILING MOUNTING GUIDE

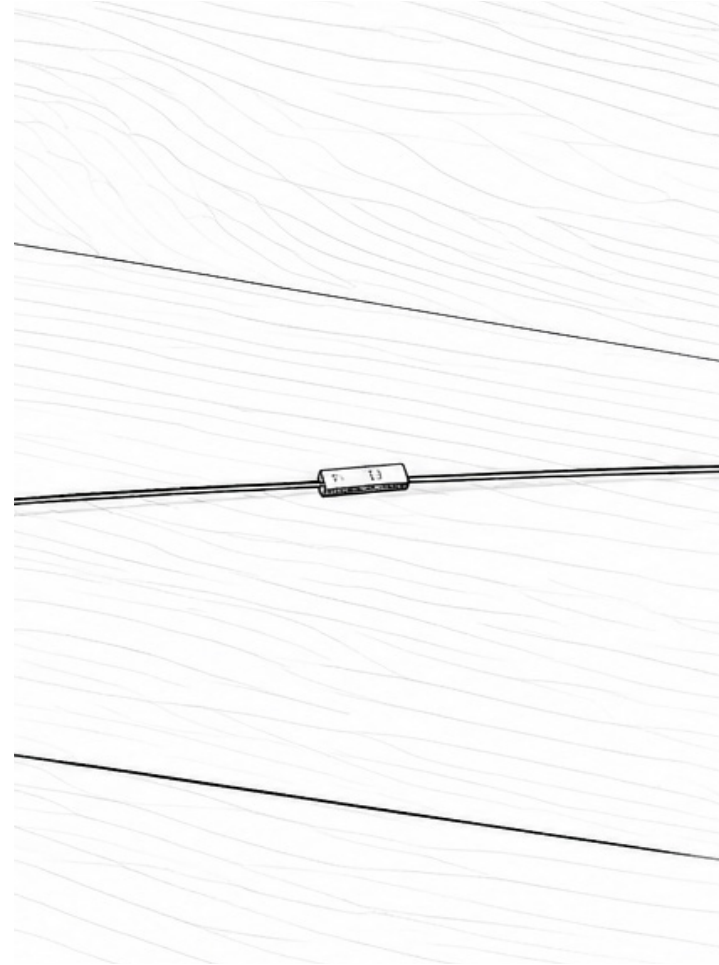

MORE DETAILS ON THE NEXT PAGE

STEP 1

FRONT VIEW

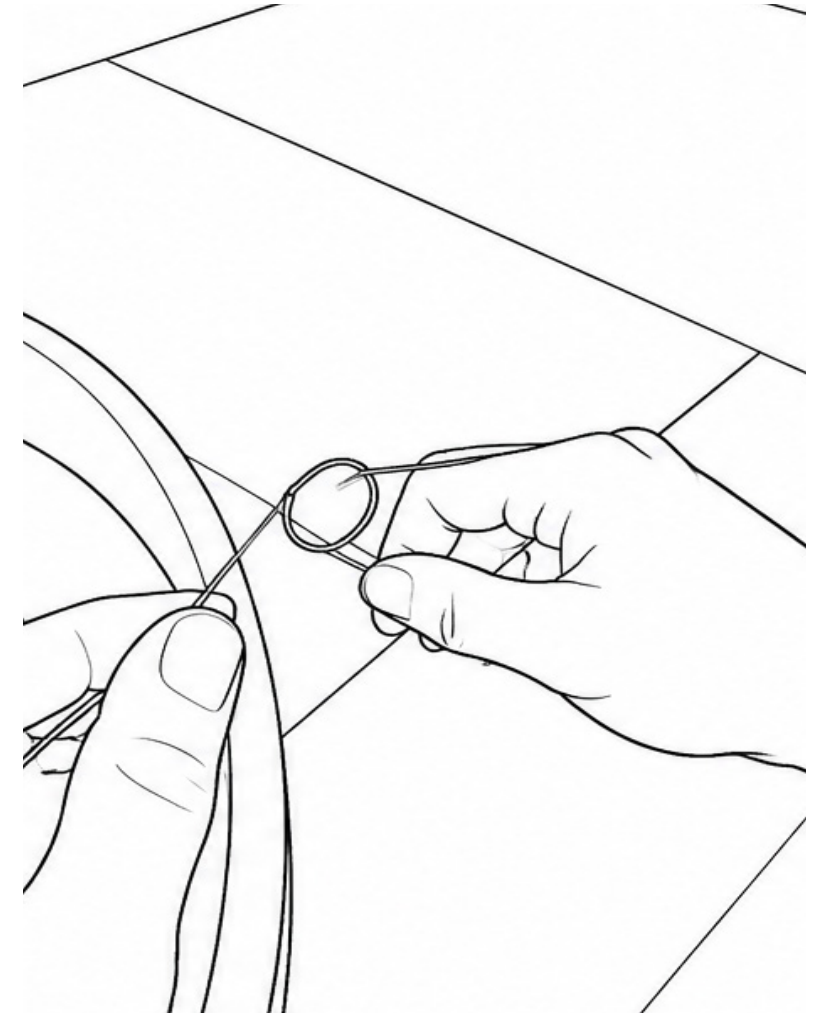

Reproduce the triangle shown opposite on the ceiling using a laser. Then measure the desired suspension height from the chandelier's mounting points.

STEP 2

FRONT VIEW

Slide a cable gripper onto the steel cable at each suspension point.

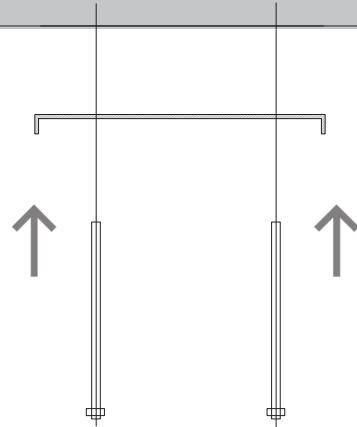

STEP 3

FRONT VIEW

Form a loop and tie a knot at the end of each steel cable. Then make the electrical connections.

CEILING MOUNTING GUIDE

STEP 4

FRONT VIEW

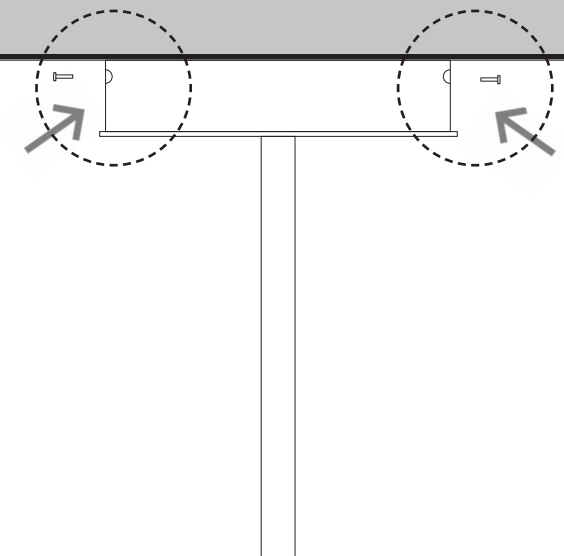

The rectangular plate must be fixed to the ceiling.

STEP 5

FRONT VIEW

Next, you need to secure the bronze chandelier and position it over the rectangular ceiling plate.

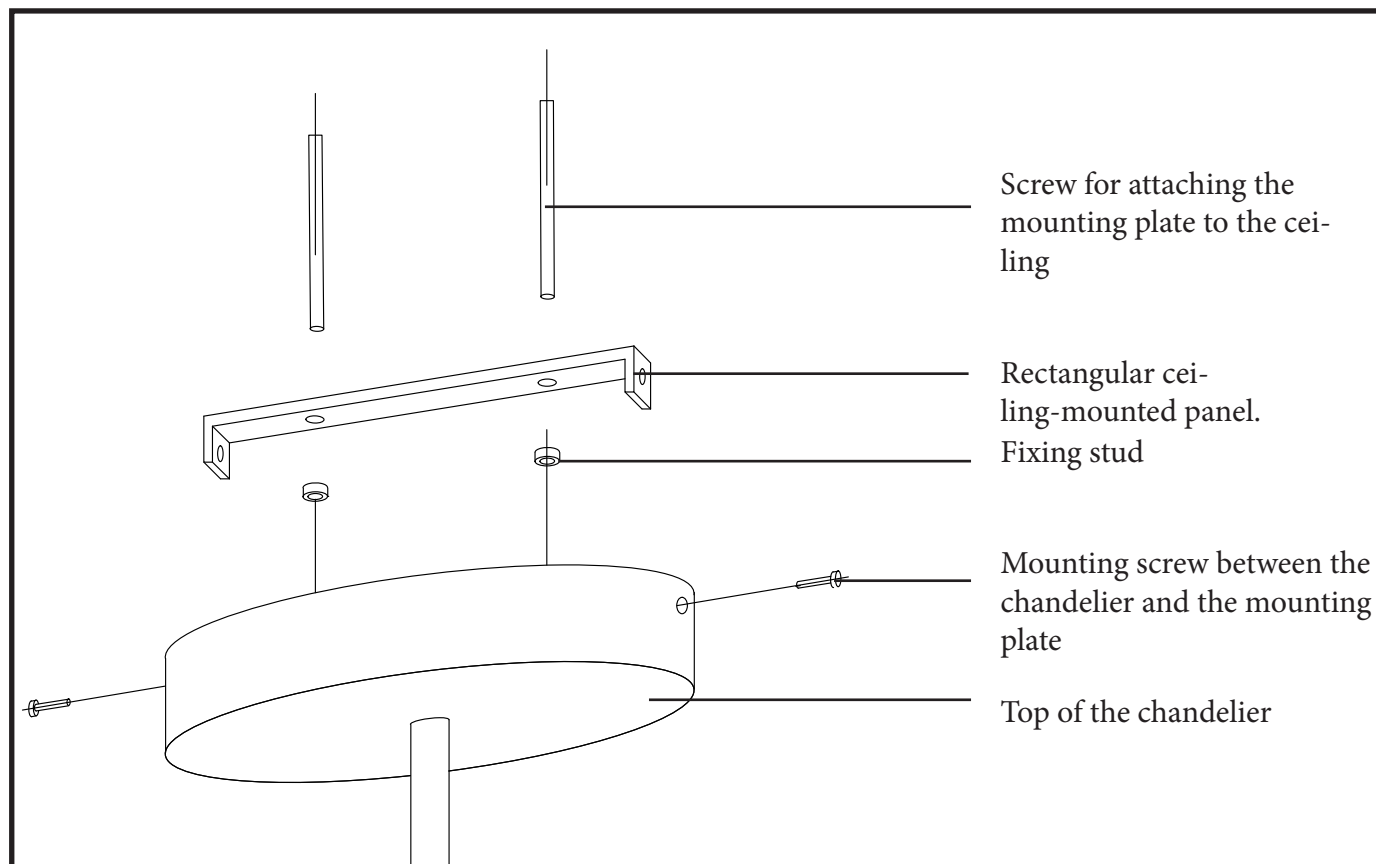

STEP 6

FRONT VIEW

Finally, attach the chandelier to the mounting plate using the screws provided on either side of the base of the chandelier.

CEILING MOUNTING GUIDE

The luminaire must be connected to the electrical supply by a qualified electrician.

The luminaire is suspended by three wires. Only one wire carries the electrical cable and is connected to the larger ceiling canopy. The other two suspension wires are fixed directly to the ceiling with individual mounting plates.
