## CEILING MOUNTING GUIDE

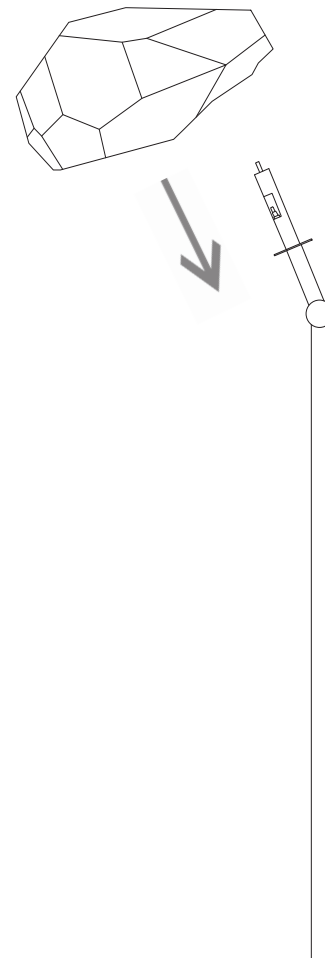

MORE DETAILS ON THE NEXT PAGE

### STEP 1

FRONT VIEW

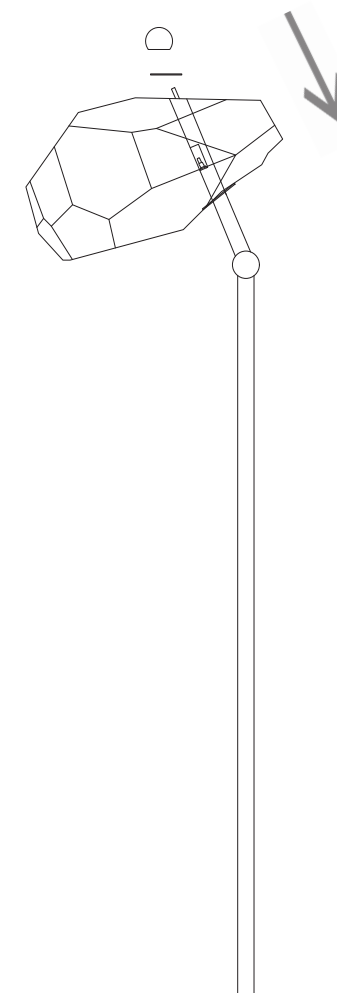

Insert the bulbs into the brass threaded tubes containing the integrated sockets until they are fully secured.

### STEP 2

FRONT VIEW

Position the glass globe in front of the fixture and carefully insert it into the brass tube, following the direction shown.

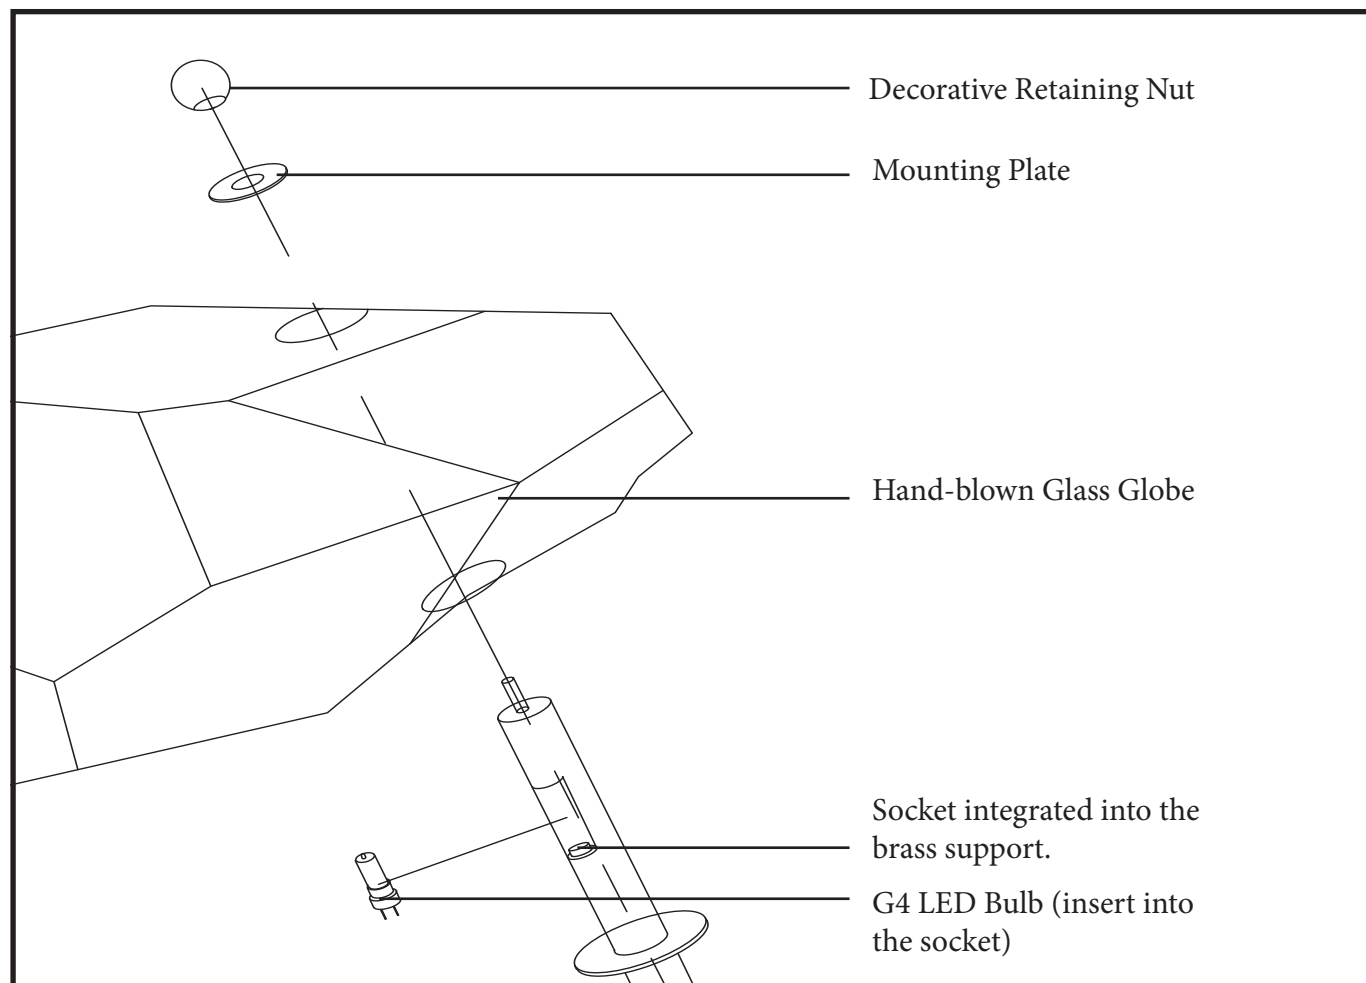

### STEP 3

FRONT VIEW

Then secure the assembly by positioning the mounting plate and screwing the decorative ball onto the threaded rod until everything is firmly secured.

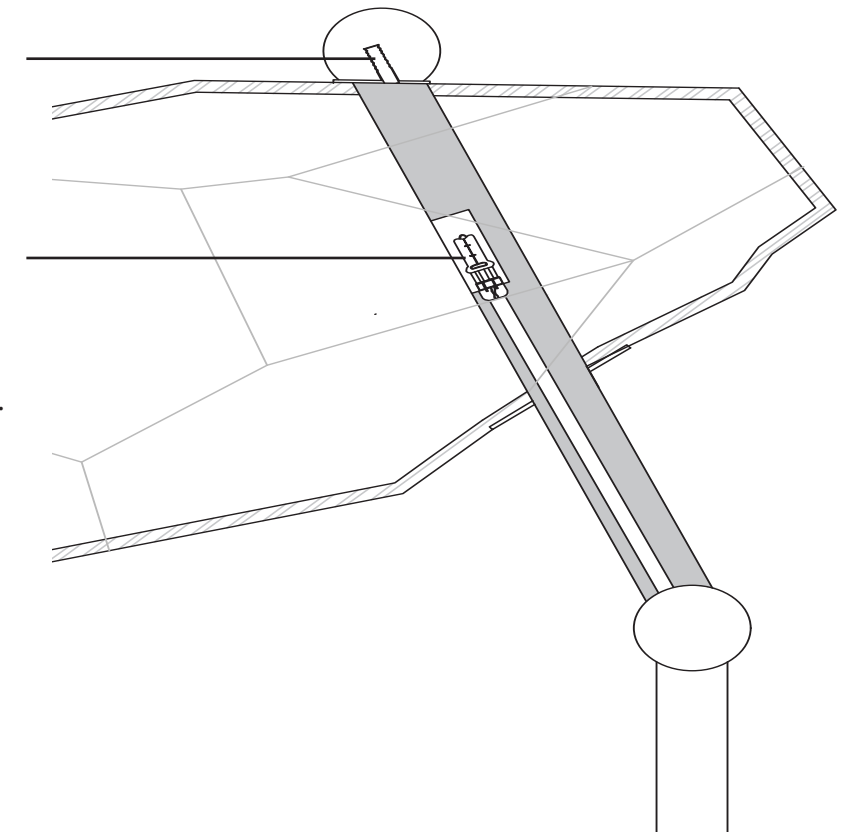

## CEILING MOUNTING GUIDE

The luminaire must be connected to the electrical supply by a qualified electrician.

Position the mounting plate over the threaded rod, then carefully screw the decorative spherical nut onto the threaded rod until the glass globe is securely held in place.

Align the two pins of the G4 LED bulb with the socket. Gently push the bulb into the socket until it is fully seated. Do not force or twist the bulb.

Switch off the power supply before carrying out any work.
