ALUNIQ

OUTDOOR LIVING SYSTEMS · PRODUCT CATALOG

DESIGNED FOR THE WEATHER, MADE FOR THE HOME.

THE QUALITY OF CUSTOM, WITHOUT THE CUSTOM PRICE.

100% ANODIZED ALUMINUM & 304 STAINLESS STEEL

OCTOBER 2026

Who We Are

ALUNIQ designs and manufactures anodized aluminum outdoor cabinetry and outdoor kitchen systems, built on more than 30 years of experience in the home industry. We believe in keeping things straightforward: no overcomplicating, no unnecessary steps, just clear communication and product reliability.

From your first inquiry to the final installation, our goal is simple: make doing business with ALUNIQ reliable every step of the way.

WHY ALUNIQ

Weather, UV & Fire Resistant
Built for relentless sun, salt air and humidity.

Termite-Proof & Corrosion-Free
Won't warp, rust or lose its finish over time.

Easy Install & Low Maintenance
Arrives ready to install, easy to service later.

Fully Modular & Customizable
Configure the exact layout your space calls for.

CABINET CONSTRUCTION

01 **Anodized aluminum construction**
Aluminum throughout, with stainless steel hardware.

02 **Self-leveling legs**
Level the run on uneven patios and decks.

03 **Interchangeable panels**
Change the finish later without replacing the cabinet.

04 **Top flat pull**
Low-profile, sleek handle on every door and drawer.
