Welcome

THANK YOU FOR CHOOSING ALL AMERICAN IRRIGATION

A LETTER FROM THE OWNERS

Thank you for trusting All American Irrigation with your home and landscape. As local owners, we take great pride in serving our neighbors throughout West Michigan with honest work, dependable service, and long-term solutions.

We started this company with a simple goal: to treat every property like it's our own and to build lasting relationships with our customers. We believe communication, quality workmanship, and attention to detail are the keys to doing that.

This guide is designed to help you understand our services, our warranty coverage, and how you can protect your irrigation system for years to come.

We're honored to be your irrigation partner.

Thank you for supporting our small, local business!

Sincerely,

Derek Boyer

DEREK BOYER

KURT DEWEERDT
Owner

OUR MISSION

Our mission is to provide West Michigan homeowners with reliable, efficient, and innovative irrigation solutions that enhance the beauty of your property and simplify your life—backed by exceptional service and integrity in everything we do.

WHAT MAKES ALL AMERICAN IRRIGATION DIFFERENT?

LOCAL. RELIABLE. TRUSTED.

We're a locally owned and operated company proudly serving all West Michigan communities.

QUALITY THAT LASTS

We use proven products and materials and stand behind our workmanship so you can enjoy peace of mind.

CUSTOMER FIRST APPROACH

We listen, communicate, and tailor every solution to your property's unique needs.

SMART SOLUTIONS

From water-saving upgrades to advanced controllers, we help you save water, time, and money.

BUILT ON INTEGRITY

Honest recommendations, fair pricing, and service you can depend on—every time.

— MEET YOUR — IRRIGATION SYSTEM

Understanding the key components that work together to deliver the right amount of water, in the right place, at the right time.

EVERY COMPONENT HAS A PURPOSE

Your irrigation system is a carefully designed network that delivers water efficiently and evenly across your lawn and landscape—keeping it healthy, green, and beautiful all season long.

1

CONTROLLER

The "brain" of your system. It manages watering schedules, start times, and how long each zone runs. Many systems can be controlled from your phone with the Rain Bird® ESP-TM2 Wi-Fi Controller.

6

RAIN SENSOR

Detects rainfall and automatically adjusts watering schedules to save water and prevent overwatering.

5

SPRINKLER HEADS

Deliver water evenly across your lawn and landscape. There are two main types: rotor heads and spray heads.

2

BACKFLOW PREVENTER

A required safety device that protects your home's drinking water by preventing contamination from the irrigation system.

3

MAINLINE PIPE

Carries pressurized water from your water source to the valves and throughout the system.

4

VALVES

Control the flow of water to different zones in your yard. Each valve opens and closes to start or stop watering in its specific area.

1

CONTROLLER

Rain Bird® ESP-TM2 Wi-Fi Controller gives you complete control from your phone. Customize schedules by day, zone, or season for maximum efficiency and convenience.

2

BACKFLOW PREVENTER

Protects your potable water supply from contamination caused by backflow or back pressure. Installed at the point of connection.

3

MAINLINE PIPE

Durable, high-quality pipe delivers water safely and efficiently from the source to every zone.

4

VALVES

Rain Bird® valves are built for reliability and long life. Each valve operates independently to water specific areas.

5

SPRINKLER HEADS

Rotor heads for large areas. Sprays for smaller spaces. Both provide even, consistent coverage for a healthy lawn.

6

RAIN SENSOR

Automatically shuts off irrigation during or after rainfall. Saves water and helps prevent runoff.

TIP: Regular maintenance and seasonal service keep your system running efficiently for years to come.

ROTOR HEADS

- Rotating stream covers larger areas
- Longer throw distance
- Ideal for open lawns and wide spaces
- Wind resistant for better performance

SPRAY HEADS

- Fixed spray pattern
- Great for flower beds, shrubs & small lawns
- Variety of patterns (fan, full, strip, etc.)
- Gentle, even coverage

VS.

WHAT TO EXPECT

Our goal is to make every step of the process easy, smooth, and stress-free for you.

CLEAR COMMUNICATION. PROFESSIONAL SERVICE. LASTING RESULTS.

1 BEFORE WE ARRIVE

A little preparation helps us save time and provide the best service possible.

ACCESS

Please unlock gates and provide clear access to all irrigation components.

PETS

Please secure pets inside or in a safe area.

WATER & POWER

Ensure your water is on and accessible. For start-ups, power to the controller must be on.

CLEAR THE AREA

Remove any items blocking sprinkler heads, valves, or backflow preventers.

QUESTIONS?

We're always happy to answer any questions before your appointment.

2 DURING YOUR APPOINTMENT

We treat your property with care and keep you informed every step of the way.

SYSTEM INSPECTION

We inspect your entire system to evaluate performance and identify any issues.

EXPERT SERVICE

Our trained technicians complete the work using high-quality parts and proven methods.

COMMUNICATION

We explain our findings, answer your questions, and recommend the best solutions for your system.

RESPECT FOR YOUR PROPERTY

We protect your lawn and landscape and clean up the work area.

3 AFTER COMPLETION

We make sure everything is working properly before we leave.

SYSTEM TESTING

We test every zone to ensure proper coverage and operation.

ADJUSTMENTS

We fine-tune sprinkler heads and settings for optimal performance and efficiency.

FINAL WALKTHROUGH

We review the work with you and ensure you're 100% satisfied.

YOUR SATISFACTION

Our job isn't done until your system is running its best and you are happy.

4 PHOTO DOCUMENTATION

We document our work so you always have a clear record of your system.

✓ Before & after photos of all work performed

✓ Clear records for your files

✓ Helpful for future maintenance and warranty

✓ Available in your customer portal anytime

We take the guesswork out of irrigation service and provide total transparency from start to finish.

BEFORE

DURING

AFTER

WARRANTY

OUR PROMISE. YOUR PEACE OF MIND.

We stand behind our work and the products we install.
If you ever have a question or concern, we're here to help.

30-DAY REPAIR WARRANTY

All irrigation repairs performed by All American Irrigation are backed by a 30-day warranty on labor and materials.

- ✓ Covers all parts and labor related to the repair
- ✓ If the same issue occurs within 30 days, we will make it right at no additional charge

5-YEAR INSTALLATION WARRANTY

All new irrigation system installations performed by All American Irrigation are backed by a 5-year warranty on workmanship.

- ✓ Covers labor related to defects in workmanship under normal use
- ✓ Does not cover damage caused by freezing, misuse, or acts of nature

MANUFACTURER WARRANTIES

We use industry-leading products from trusted manufacturers that come with a 5-year warranties on parts and materials.

- ✓ Warranty lengths vary by product (see product documentation)
- ✓ All manufacturer warranties are honored and supported by All American Irrigation

WHAT IS COVERED

LABOR & WORKMANSHIP

Installation workmanship for 5 years.
Repair labor for 30 days.

We take pride in doing the job right the first time—every time.

PRODUCTS & MATERIALS

All components we install are high-quality and built to last.

Manufacturer warranties apply to defects in materials and performance.

SYSTEM PERFORMANCE

We ensure your system is designed and installed for optimal coverage, efficiency, and reliability.

If something isn't right, we'll work with you to make it right.

Rescheduling & Accessibility Policy

PLEASE REVIEW BEFORE BOOKING YOUR APPOINTMENT

CANCELLATION POLICY

A \$40 rescheduling fee will be charged for any irrigation service appointment that is:

1 Canceled or rescheduled within 24 hours of the scheduled appointment time.

ACCESSIBILITY POLICY

2 Unable to be completed due to lack of access to the property, irrigation controller, water source, backflow preventer, or other required service areas.

3 Delayed or prevented by homeowner-related issues, including locked gates, obstructed equipment, pets not secured, utilities not activated, or any other condition that restricts our ability to perform the scheduled service.

It is the homeowner's responsibility to ensure all necessary areas and equipment are accessible and ready for service at the time of the appointment. Failure to do so may result in the \$40 rescheduling fee and the need to schedule a new appointment.

WHAT IS NOT COVERED

Damage caused by freezing, if winterization was not performed by All American Irrigation as recommended

Damage caused by vandalism, accidents, livestock, pests, or Acts of Nature

Modifications or repairs made by anyone other than All American Irrigation

Normal wear and tear on parts such as sprinkler heads, nozzles, filters, batteries, and seals

6 WINTERIZATION

PROTECT YOUR SYSTEM. PROTECT YOUR INVESTMENT.

Michigan winters are tough on irrigation systems. Proper winterization is the single most important step you can take to prevent costly freeze damage and ensure your system is ready to go in the spring.

WINTERIZE
ON TIME

SAVE TIME.
SAVE MONEY.

WHY IT'S CRITICAL

Water left in your system can freeze, expand, and cause pipes and components to crack or break.

Freeze damage is not covered by warranty and can result in expensive repairs.

Professional winterization ensures all water is safely removed and your system is protected all winter long.

Spring startups are faster, easier, and more reliable when your system was winterized correctly.

14-DAY REQUIREMENT

All irrigation systems must be winterized by **ALL AMERICAN IRRIGATION** no later than

14 DAYS
BEFORE THE FIRST EXPECTED
HARD FREEZE.

If your system is not winterized by this time, freeze damage may occur and will not be covered under warranty.

THE COST OF WAITING

EXAMPLES OF FREEZE DAMAGE

CRACKED PIPES

BROKEN SPRINKLER HEADS

CRACKED VALVE BOXES

DAMAGED BACKFLOW PREVENTERS

WINTERIZATION CUSTOMER CHECKLIST

UNLOCK & PROVIDE ACCESS

Ensure all gates, doors, and access points to your irrigation system are unlocked and clear.

CLEAR THE AREA

Remove items, planters, or debris around backflow preventer, valve boxes, and controller.

SECURE PETS

Please keep pets indoors or in a safe area during our appointment.

POWER TO CONTROLLER

Ensure the controller has power so we can properly shut down your system.

WATER SOURCE ON

The main water supply to your irrigation system must be on and accessible.

BACKFLOW ACCESSIBLE

Keep the area around your backflow preventer clear and accessible.

SCHEDULE EARLY

Book your winterization early to ensure availability before the 14-day deadline.

QUESTIONS?

We're here to help! Call or text us anytime.

ON TIME. EVERY TIME.

Our team tracks local weather forecasts closely to ensure your system is winterized with plenty of time to spare.

When in doubt, winterize early!
It's the best way to protect your system and your wallet.

DON'T RISK IT.

Winterize on time and avoid unnecessary repair bills in the spring.

BOOK EARLY

Spots fill up fast each fall.
Schedule your winterization today!

Thank you

for trusting All American Irrigation
to protect your system year after year.

7 SPRING STARTUP

A HEALTHY START FOR A BEAUTIFUL SEASON.

Our spring startup service gets your irrigation system running efficiently after winter and helps prevent problems before they start.

HEALTHY SYSTEM.
HEALTHY LAWN.
**START RIGHT.
SAVE WATER.
SAVE MONEY.**

SPRING STARTUP CHECKLIST

TURN ON WATER SUPPLY

We slowly turn on your main water supply and check for any leaks.

INSPECT BACKFLOW PREVENTER

Tested to ensure it's operating properly and protecting your water.

SYSTEM PRESSURE CHECK

We check system pressure and make adjustments if needed.

ZONE BY ZONE TESTING

We run each zone, checking heads, rotors, and nozzles for proper operation.

ADJUST SPRINKLER HEADS

We straighten, raise, or lower heads for optimal coverage and no overspray.

CHECK CONTROLLER SETTINGS

We review schedules and adjust for the current season.

FINAL WALKTHROUGH

We double-check the entire system and clean up the work area.

Regular spring startups help extend the life of your system and prevent costly repairs.

SEASONAL INSPECTION

Our thorough inspection helps identify small issues before they become big problems.

PIPES & FITTINGS

We check for leaks, cracks, and loose fittings that can cause water loss or damage.

SPRINKLER HEADS

We inspect for wear, damage, and proper spray pattern and coverage.

VALVES

We check for proper operation and inspect valve boxes for water or debris.

CONTROLLER

We ensure your controller is working properly and settings are optimized.

BACKFLOW PREVENTER

Tested for proper operation and checked for leaks or wear.

RAIN SENSOR

We test the sensor to ensure it's communicating and working correctly.

Prevention today = fewer problems tomorrow.

RECOMMENDED UPGRADES

Enhance performance, save water, and get more control of your system.

WI-FI SMART CONTROLLER

Control your system from anywhere. Adjust schedules, monitor weather, and save water automatically. (Add-on installation available)

RAIN SENSOR

Automatically adjusts watering based on real-time weather to prevent overwatering. (Add-on installation available)

HIGH-EFFICIENCY NOZZLES

Upgrade to matched-precipitation nozzles for better coverage and less water waste.

DRIP IRRIGATION

Perfect for flower beds and shrubs—delivers water right where it's needed.

LANDSCAPE LIGHTING

Add beauty, safety, and security to your landscape. (Design & installation available)

EARLY START. STRONG SEASON.

**ALL AMERICAN
IRRIGATION**

★★★★★

9 POLICIES

CLEAR POLICIES. FAIR RULES. RESPECT FOR EVERYONE.

Our policies are designed to ensure efficient service, protect your investment, and maintain the highest standards for our customers and team.

! \$40 RESCHEDULING POLICY

A \$40 rescheduling fee will be charged for any irrigation service appointment that is:

- 1 Canceled or rescheduled within 24 hours of the scheduled appointment time.
- 2 Unable to be completed due to lack of access to the property, irrigation controller, water source, backflow preventer, or other required service areas.
- 3 Delayed or prevented by homeowner-related issues, including locked gates, obstructed equipment, pets not secured, utilities not activated, or any other condition that restricts our ability to perform the scheduled service.

It is the homeowner's responsibility to ensure all necessary areas and equipment are accessible and ready for service at the time of the appointment. Failure to do so may result in the \$40 rescheduling fee and the need to schedule a new appointment.

🔒 ACCESSIBILITY REQUIREMENTS

To safely and efficiently service your system, please ensure the following are accessible at the time of your appointment:

CLEAR ACCESS

Unlock gates, doors, and access points to all service areas, including the controller, backflow, and water source.

CONTROLLER ACCESSIBLE

Make sure the controller is unobstructed and power is available.

WATER SOURCE ON

Ensure the main water supply to your irrigation system is on and operational.

BACKFLOW ACCESSIBLE

Keep the area around your backflow preventer clear and accessible.

PETS SECURED

Please keep pets indoors or in a safe area during our visit.

CLEAR THE AREA

Remove any items, debris, or obstructions around irrigation components.

Proper access helps us provide the quality service you expect while keeping our team safe and efficient.

💳 PAYMENT POLICIES

We offer convenient payment options and require timely payment to keep our business running smoothly.

- ✓ Payment is due upon completion of service unless otherwise agreed in writing.
- ✓ We accept cash, check, all major credit cards, and online payments.
- ✓ Invoices not paid within 30 days may be subject to a late fee of \$25.
- ✓ Returned checks are subject to a \$35 fee.

EASY WAYS TO PAY

CASH

CHECK

CREDIT CARD

ONLINE PORTAL

💰 DEPOSITS

Deposits help us schedule your project and secure the materials needed to get the job done right.

50%

A 50% deposit is required for all projects with a total investment of \$500 or more.

Deposits are non-refundable if the project is canceled by the customer after materials have been ordered or work has been scheduled.

Deposits ensure we can deliver the highest quality products and service on time.

🛡️ SAFETY

Safety is our top priority—for our team, your family, and your property.

- ✓ Our team follows all industry safety standards and local regulations.
- ✓ Please keep children and pets away from work areas and equipment.
- ✓ Never tamper with or operate irrigation components, backflow preventers, or electrical devices.
- ✓ Report any concerns or hazards to our team immediately.

Your safety helps us all go home at the end of the day.

OUR COMMITMENT

These policies allow us to provide reliable service, protect your system, and ensure a safe, professional experience every time.

Thank you

for your understanding and for choosing All American Irrigation.

AllAmericanIrrigationMI.com

FREQUENTLY ASKED QUESTIONS

ANSWERS TO THE MOST COMMON QUESTIONS
WE HEAR FROM HOMEOWNERS.

- 1 HOW OFTEN SHOULD I WATER MY LAWN?**
Most lawns need 1" of water per week, including rainfall. We adjust your schedule seasonally to match your needs.
- 2 HOW LONG SHOULD MY SPRINKLER SYSTEM RUN?**
It depends on your soil type, sun exposure, and sprinkler types. We set run times for proper coverage without waste.
- 3 WHEN SHOULD I WINTERIZE MY SYSTEM?**
All American Irrigation must winterize your system no later than **14 days** before the first expected hard freeze.
- 4 WHAT HAPPENS IF I DON'T WINTERIZE MY SYSTEM?**
Water left in your system can freeze and cause cracked pipes, fittings, and other components—resulting in expensive damage not covered by warranty.
- 5 DO YOU OFFER SPRING STARTUP SERVICES?**
Yes! Our spring startup includes a full inspection, adjustments, and system check to get your system ready for the season.
- 6 HOW MUCH DOES A SERVICE CALL COST?**
Our service call fee is _____. This covers our time, diagnosis, and a detailed recommendation.
- 7 DO YOU OFFER FREE ESTIMATES?**
Yes! We provide free estimates for new installations and major repairs.
- 8 HOW LONG DOES A TYPICAL SERVICE TAKE?**
Most service calls take 1-2 hours depending on the issue. Installations vary based on system size and scope.
- 9 WHAT FORMS OF PAYMENT DO YOU ACCEPT?**
We accept cash, check, all major credit cards, and online payments through our customer portal.
- 10 DO YOU OFFER FINANCING?**
Yes! Ask us about our financing options for larger projects and upgrades.
- 11 IS A DEPOSIT REQUIRED?**
Yes. A **50%** deposit is required for all projects **\$500 or more**.
- 12 IS MY SPRINKLER SYSTEM COVERED BY WARRANTY?**
Yes. We offer a 30-day warranty on all repairs and a 5-year warranty on new installations. See page 5 for full details.
- 13 WHAT IS NOT COVERED BY WARRANTY?**
Freeze damage, vandalism, Acts of Nature, and improper tampering are not covered.
- 14 CAN I ADD A RAIN SENSOR TO MY SYSTEM?**
Absolutely. Rain sensors help prevent overwatering, save water, and protect your landscape.
- 15 DO YOU INSTALL WI-FI CONTROLLERS?**
Yes! Wi-Fi controllers give you remote access, real-time alerts, and smarter watering control.
- 16 WHY IS MY LAWN STILL BROWN AFTER WATERING?**
It could be due to incorrect run times, poor coverage, compacted soil, or excessive heat. We can help diagnose and fix the issue.
- 17 WHAT IS THE DIFFERENCE BETWEEN ROTOR AND SPRAY HEADS?**
Rotors spray streams of water and cover larger areas. Spray heads provide a finer mist and are ideal for smaller areas and around plantings.
- 18 HOW DO I KNOW IF I HAVE A LEAK?**
Look for soggy spots, unusually high water bills, or zones that won't shut off. We can perform a full system check.
- 19 CAN YOU UPGRADE MY EXISTING SYSTEM?**
Yes! We can upgrade heads, add zones, install smart controllers, and improve efficiency.
- 20 DO YOU SERVICE ALL BRANDS?**
We service and repair most major irrigation brands. Rain Bird is our primary partner.
- 21 WHAT SHOULD I DO IF MY SYSTEM WON'T TURN ON?**
Check that the controller is on, the breaker isn't tripped, and the water supply is on. If it still won't start, give us a call.
- 22 HOW DO I SHUT OFF MY SYSTEM?**
Turn off the water supply at the main valve and ensure the controller is off.
- 23 CAN YOU HELP WITH LOW WATER PRESSURE?**
Yes. We check for issues like closed valves, leaks, or pressure problems and make the necessary adjustments.
- 24 HOW OFTEN SHOULD I HAVE MY SYSTEM INSPECTED?**
We recommend an annual inspection during spring startup to catch small issues before they become big problems.
- 25 DO YOU OFFER MAINTENANCE PLANS?**
Yes! Our annual maintenance plans include priority scheduling, discounts, and peace of mind.
- 26 WHAT ARE THE SIGNS OF A BROKEN SPRINKLER HEAD?**
Look for water spraying where it shouldn't, low head pop-ups, or uneven coverage.
- 27 CAN YOU INSTALL SYSTEMS ON WELL WATER?**
Yes, we can! We'll ensure your system is properly designed for your water source.
- 28 DO YOU WORK WITH HOME BUILDERS AND LANDSCAPERS?**
Yes! We partner with builders, landscapers, and HOA's to deliver reliable irrigation systems.
- 29 HOW CAN I SCHEDULE A SERVICE?**
Call us, book online through our customer portal, or scan the QR code below to get started.
- 30 IF I HAVE MORE QUESTIONS, WHO CAN I CONTACT?**
We're always here to help! Call 616-232-6089 or email contact@allamericanirrigationmi.com.
