- Diminished Vaginal Lubrication
- Chronic Pelvic Pain Syndrome (CPPS)
- Sexual Dysfunction Treatment in Diabetic Women

Multi-Wave™ Therapy for Female Sexual Dysfunction

**Activate the Body's
Natural Regenerative
Processes**

Thanks to LilyCare™, OBGYNs, Family Doctors, Sexual Medicine Specialists and Aestheticians can now treat women using a Non-Invasive & Easy Solution. It utilizes Multi-Wave Technology to stimulate neovascularization (angiogenesis) and vasodilation. This regenerates nervous tissue, increasing blood flow, leading to increased orgasm intensity and improvement in various feminine disorders.
