

KEVMAR PLASTICS

PRODUCT & COMPONENT GUIDE

2026

Manufactured locally.

Available for OEM, trade and project requirements.

SEE SOMETHING YOU NEED?

Tell us the product, quantity and application - we will price it.

PRODUCTS WE ALREADY MANUFACTURE

Find the product. Tell us the quantity. Ask for pricing.

This guide brings together the product and component images currently used across the KEVMAR website.

It is not a fixed price list. Pricing depends on quantity, specification, material and production requirement.

For repeat OEM and trade requirements, tell us your expected quantities so we can price the correct production level.

CATERING & REFRIGERATION

Leg jacks, drip trays and patchends for catering-equipment, deli-fridge and Bain Marie manufacturers.

TRANSPORT & COMMERCIAL VEHICLES

Covers, enclosures, mudflaps and engineered replacement components for fleet and transport applications.

LEISURE & CAMPING

PolarCore, VanPod and caravan components developed around practical leisure applications.

DEVELOPED SOLUTIONS

Complete products and reusable assets where KEVMAR combines development, fabrication and manufacture.

CATERING EQUIPMENT SOLUTIONS

ADJUSTABLE LEG JACKS

J38 Round • J40 Square • J50 Round

A LEG TO STAND ON.

Polypropylene copolymer support feet for catering equipment. Designed for insulation, hygiene, and repeatable adjustment in demanding food-service environments.

The plastic base helps isolate equipment from the floor, reducing transfer of water or electrical faults.

KEVMAR
MANUFACTURING & PRODUCT DEVELOPMENT

FIG. 17 — CASE STUDY

ORAFOL EVENT FURNITURE

Reusable exhibition assets designed for repeated use.

KEVMAR developed reusable branded event furniture for ORAFOL, shifting spend away from rebuilding custom stands and toward display assets that can be transported, reused and integrated into shell-scheme exhibition spaces.

05 / FULL BOOTH OVERVIEW

Assets working together in a shell-scheme space.

01 / — DISPLAY PLINTH (FRONT)

Marble-look finish with glass display case.

02 / — REFLECTIVE TAPE COUNTER

Product sampling display with integrated branding.

03 / — DISPLAY PLINTH (ANGLED)

Clean, premium design from all angles.

04 / — ILLUMINATED DISPLAY CABINET

Showcase products and samples with impact.

Reusable Assets

Shell-Scheme Ready

Faster Setup

Lower Repeat Stand Cost

Designed & manufactured by
KEVMAR

REUSABLE BY DESIGN

NEED PRICING?

Tell us what you need and how many.

Use the product name shown in this guide, or send us a photo of the component you are interested in.

For OEM and repeat production, include your expected quantity and any known specification or application details.

If the exact product is not in this guide, show us what you have - KEVMAR may still be able to replace, redesign, develop or manufacture it.
