The Art of Measurable Growth

You're a
great coach.

Accelerate
growth.

Show proof.

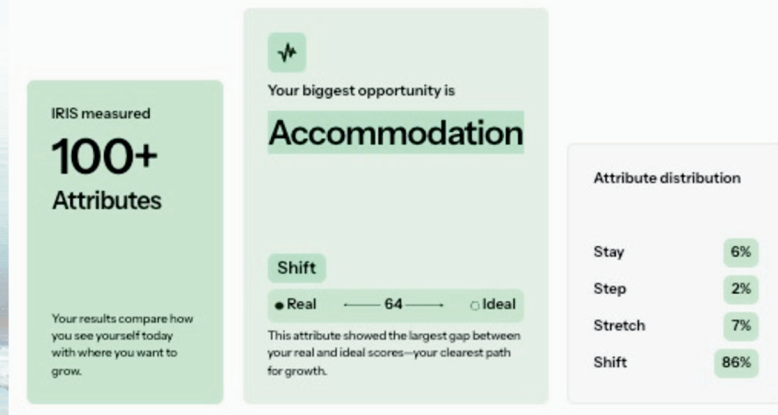

FOCUS. GROWTH. EVIDENCE.

Growth-Focused Science

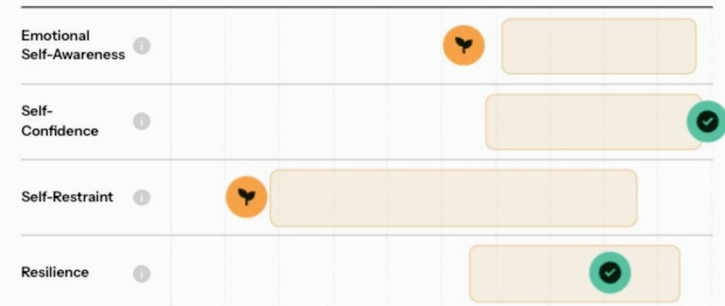

Whether you're coaching individuals, leading teams, or designing programs, **IRIS delivers the insight, structure, and validation** you need for lasting growth. From tracking progress to identifying key development opportunities, IRIS brings focus to what matters most—**people, performance, and purpose.**

IRIS (Interpersonal Readiness and Improvement Suite) is a behavioral intelligence platform that helps coaches, teams, and organizations **measure growth with precision.** With more than 100 **coachable and changeable attributes**, IRIS provides a clear, research-backed lens for understanding potential and nurturing it over time.

Faster Insights

Your Foundational Skills

Target Range Optimal Range Growth Area Above Range

Professional coaches and workforce programs worldwide use IRIS to gain insights faster, accelerate growth, and validate their impact. Imagine being able to “prove” that your clients grew and developed in the exact ways they and their employers hoped they would—with **data.**
