

WEBSITE SPRINT SERVICE AGREEMENT

Basic Informational Website Package

PROMOTIONAL WEBSITE DEVELOPMENT + HOSTING TERMS

Client / Business: _____	Contact / Email: _____
Effective Date: _____	Project URL / Domain: _____

1. WEBSITE SPRINT - BASIC INFORMATIONAL WEBSITE ONLY

Client is purchasing the Brain Dust promotional \$1,000 Website Sprint for one professional, basic informational business website of up to five (5) standard pages. The purpose of the Website Sprint is to establish a professional online presence that presents the Client's business information, services, photos, contact information, and other basic content.

Typical pages may include Home, About, Services, Gallery/Portfolio, and Contact. Final page structure is determined during onboarding.

Included: website design based on the Client's business and available branding; up to five pages; responsive/mobile-friendly design; basic on-page SEO setup; contact form where applicable; integration of Client-provided photos, logos, and information; basic assistance developing website descriptions from information supplied during discovery; up to two (2) rounds of minor revisions; and an initial website prototype targeted within 2-3 business days after completed onboarding.

The 2-3 business-day timeframe applies to the initial prototype, not necessarily final publication or launch.

2. NOT INCLUDED - SEPARATELY PRICED SERVICES

The \$1,000 promotional Website Sprint is limited to the basic informational website scope described above. Unless specifically included in a written proposal or addendum, it does NOT include:

E-commerce or online stores; product catalogs requiring e-commerce functionality; online ordering; payment processing; advanced booking, scheduling, or reservation systems; memberships or customer portals; databases; custom applications; custom programming; advanced third-party integrations; additional pages beyond the agreed five-page maximum; logo design; logo redesign; brand identity development; rebranding; brand strategy; social media account setup; social media management; social media content creation; paid social media advertising; paid search advertising; advertising management; email marketing; advanced SEO; ongoing SEO services; lead-management systems; CRM setup or management; advanced analytics or dashboards; professional copywriting beyond basic website content assistance; photography or video beyond any specifically included promotional bonus; domain purchase or renewal; premium plugins; premium fonts; stock assets; third-party software; licenses; subscriptions; or any other service or deliverable not expressly listed as included in Section 1.

Brain Dust offers many of these services separately. If Client requests additional services, features, integrations, pages, creative work, marketing services, or functionality during or after the Website Sprint, Brain Dust may provide separate pricing. Additional work will not begin without Client approval.

If a service, feature, functionality, or deliverable is not specifically identified as included in the Website Sprint, it is outside the \$1,000 promotional scope and may require an additional fee.

3. PAYMENT

The promotional Website Sprint development fee is \$1,000.00 plus applicable sales tax. Client pays \$500.00 plus applicable sales tax upon signing and the remaining \$500.00 plus applicable sales tax upon final website approval and before publication, launch, transfer, or connection to the live domain. Work begins only after this Agreement is signed and the initial payment is received.

Taxes and payment processing: All stated service prices exclude applicable sales, use, or other transaction taxes. Brain Dust will add to each invoice only taxes it is legally required to collect, calculated according to the services and applicable law. Client will pay those taxes in addition to the stated service fees. Standard payment processing costs are included in the stated service price. If Client elects third-party financing, any financing terms or charges imposed directly on Client by that provider are governed by the provider's terms; Brain Dust will not add a payment-method surcharge without separately disclosing and obtaining Client agreement to it.

Once Brain Dust has begun discovery, design, development, content preparation, or other project work, the initial \$500 payment is non-refundable except where applicable law requires otherwise. The website will not be transferred, published, or launched until all development fees then due have been paid.

4. MONTHLY HOSTING & MAINTENANCE

The \$1,000 promotional Website Sprint requires ongoing hosting and maintenance through Brain Dust beginning at launch. The standard monthly rate is \$300.00; the promotional rate under this Agreement is \$150.00 per month plus applicable sales tax. The \$150.00 promotional rate applies while this Agreement remains in effect unless the parties agree in writing to a different rate. The service includes website hosting, SSL/security certificate where applicable, routine backups, basic technical maintenance, and up to 30 minutes per month of minor content updates within the existing website. Included update time does not roll over.

The monthly service does not include redesigns, new pages, new functionality, major content additions, advanced SEO, social media services, advertising, branding work, new integrations, or work outside normal website maintenance.

Client expressly authorizes Brain Dust and/or its payment processor to charge the payment method provided \$150.00 per month plus applicable sales tax, beginning after launch and continuing each month until canceled under this Agreement. The recurring service is required for a website hosted by Brain Dust under this promotional offer.

Client may cancel future monthly service by providing written notice at least 30 days before the next billing date. Cancellation ends Brain Dust hosting and maintenance; the website may become unavailable unless Client arranges alternative hosting or migration. Migration, export, transfer, DNS work, or technical assistance after cancellation may be quoted separately. Cancellation does not waive any amounts already due.

RECURRING BILLING ACKNOWLEDGMENT

I understand that this promotion requires Brain Dust hosting and maintenance after launch and authorize the recurring \$150.00 monthly charge plus applicable sales tax described above. Initials: _____

5. CLIENT RESPONSIBILITIES

Client will provide all information reasonably necessary to complete the project, including business information, services, contact information, logos, photography, branding materials, account credentials, and approvals. Client represents that it has the legal right to use all text, photographs, logos, trademarks, videos, and other materials supplied to Brain Dust.

Client is responsible for reviewing factual accuracy, pricing, spelling, legal disclosures, and business-specific information before approving publication. Brain Dust is not responsible for delays caused by missing content, delayed approvals, inaccessible accounts, incorrect credentials, or other Client-controlled issues.

6. DOMAIN & DNS

Domain registration, purchase, and renewal fees are not included in the \$1,000 Website Sprint. If Client owns a domain, Client must provide the access or permissions reasonably necessary to connect the website, including DNS access when required.

Brain Dust is not responsible for delays, outages, or issues caused by registrars, hosting providers, DNS providers, email providers, or other third-party platforms. Launch timing may be extended when required access is unavailable. Third-party charges are the Client's responsibility unless expressly included in writing.

7. REVISIONS, REDESIGNS & SCOPE CHANGES

Client receives two rounds of minor revisions following presentation of the initial prototype. A revision round means one consolidated set of requested changes. Minor revisions include reasonable text corrections, image substitutions, minor color or spacing adjustments, and similar modifications within the approved design direction.

Revisions do not include adding new services, deliverables, pages, features, integrations, or functionality. Major redesigns, new concepts, substantial layout changes, new pages, new functionality, branding work, content production, or requests materially outside the original scope are not included revisions and may require an additional quote.

A request that materially changes the approved concept or original project scope will be treated as additional work. Brain Dust will obtain Client approval before performing separately billable work.

8. PROJECT TIMELINE

The targeted 2-3 business-day initial prototype timeline begins only after: (1) this Agreement is signed; (2) the initial \$500 payment clears; (3) discovery/onboarding is completed; and (4) Brain Dust receives the materials and access reasonably required to begin.

The timeframe is a target, not a guarantee. Client delays, third-party issues, technical complications, force majeure events, or requested scope changes may extend the schedule.

9. SAN ANTONIO CONTENT BONUS

Qualifying Website Sprint clients located within Brain Dust's promotional San Antonio service area may receive one complimentary content session consisting of up to 10 edited business photographs and approximately 30 seconds of edited B-roll footage intended primarily for website use.

The session is subject to scheduling, location, reasonable travel requirements, and availability and covers one location and one scheduled session unless otherwise agreed. Reshoots, additional locations, additional photography/video, talent, props, special equipment, social-media content packages, or extensive editing are not included and may be quoted separately.

10. OWNERSHIP

Upon full payment of all Website Sprint development fees, Client will own the final website-specific content and design deliverables created specifically for Client, except Brain Dust's pre-existing intellectual property and third-party materials. Brain Dust retains ownership of its proprietary processes, development methods, reusable components, templates, systems, know-how, tools, and other pre-existing intellectual property. Third-party software, fonts, plugins, stock assets, and similar materials remain subject to their respective licenses.

11. PORTFOLIO RIGHTS

Unless Client requests otherwise in writing before launch, Client grants Brain Dust permission to display the completed project, Client's business name, and screenshots or excerpts of the website in Brain Dust's portfolio, website, social media, advertising, case studies, and promotional materials. This does not authorize disclosure of Client confidential information.

12. THIRD-PARTY SERVICES

Websites may depend on third-party platforms and services outside Brain Dust's control. Brain Dust does not guarantee uninterrupted operation of third-party services and is not responsible for outages, policy or platform changes, service discontinuation, or other failures caused by third parties.

13. SEO, MARKETING & BUSINESS RESULTS

The Website Sprint includes only the basic on-page SEO setup expressly described in Section 1. It does not include an ongoing SEO campaign, social media marketing, advertising, lead generation, or other marketing services unless separately purchased.

Brain Dust does not guarantee search-engine rankings, website traffic, leads, sales, revenue, conversions, or any specific business outcome.

14. PROJECT INACTIVITY

If Client fails to provide requested materials, approvals, feedback, or access for 30 consecutive days, Brain Dust may place the project on hold. If inactivity continues for 60 consecutive days, Brain Dust may close the project. Amounts previously paid compensate Brain Dust for reserved production capacity and work performed and are non-refundable except where required by law. Restarting may require a new timeline and additional fee.

15. LIMITATION OF LIABILITY

To the maximum extent permitted by applicable law, Brain Dust will not be liable for indirect, incidental, consequential, special, or lost-profit damages arising from the website or services. To the maximum extent permitted by law, Brain Dust's aggregate liability arising from this Website Sprint will not exceed the amount actually paid by Client to Brain Dust for the specific services giving rise to the claim. Nothing excludes liability that cannot legally be excluded or limited.

16. CLIENT INDEMNIFICATION

Client agrees to defend and indemnify Brain Dust against third-party claims arising from materials supplied or directed by Client, including claims involving copyright, trademark, privacy, publicity rights, inaccurate Client-supplied information, or Client's products and services, except to the extent caused by Brain Dust's own unlawful conduct.

17. TERMINATION

Either party may terminate the project by written notice. Client remains responsible for payment for services performed and approved third-party expenses incurred through the termination date. Brain Dust may suspend work or hosting for material nonpayment after reasonable notice and opportunity to cure.

18. GOVERNING LAW

This Agreement will be governed by the laws of the State of Texas, without regard to conflict-of-law principles. Any legal proceeding arising from this Agreement will be brought in a court of competent jurisdiction in Bexar County, Texas, unless applicable law requires otherwise.

19. ENTIRE AGREEMENT & ELECTRONIC SIGNATURES

This Agreement, together with any signed proposal, approved scope, or written addendum, represents the parties' agreement concerning the Website Sprint and supersedes prior discussions concerning its scope. Changes to this Agreement or project scope must be agreed to in writing. Electronic records and electronic signatures may be used to execute this Agreement to the extent permitted by applicable law.

SIGNATURES

By signing below, Client confirms that Client has read and agrees to this Agreement, including the limited basic informational website scope, the \$1,000.00 development fee plus applicable sales tax, and the required \$150.00 per month promotional hosting and maintenance charge plus applicable sales tax beginning after launch.
