

A stylized graphic of human lungs in a vibrant blue color, composed of numerous small dots or pixels, giving it a digital or textured appearance. The lungs are positioned centrally in the background.

HEALTHY LUNGS CALIFORNIA

Achievements
January 15th, 2025

University of California Lung Cancer Consortium (UCLCC)

Mission

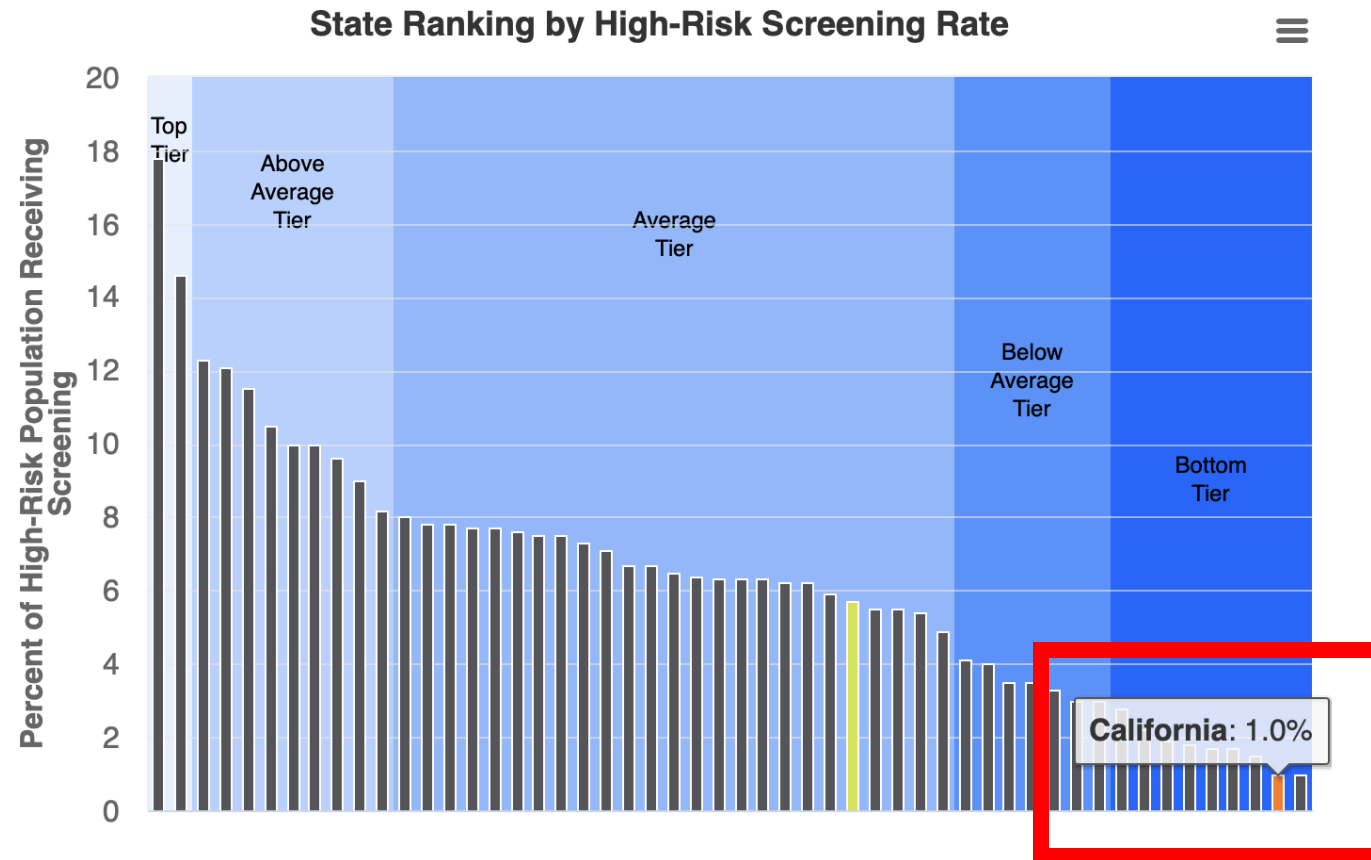

Vision

We seek to reduce the burden of lung cancer on Californians based upon the exceptional basic science, population science, translational medicine, clinical research, and cancer care from the University of California

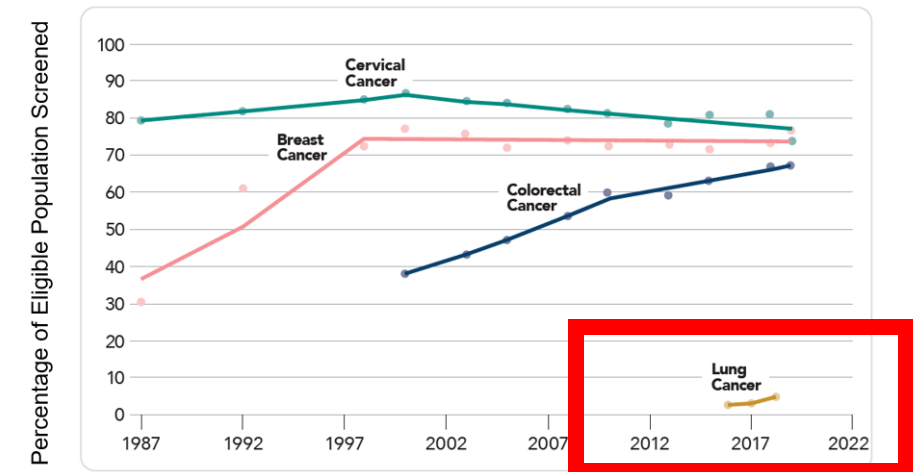

Prevent and cure lung cancer in California and beyond by harnessing the world class scientific reputations in lung cancer established by each of the individual UC NCI-designated comprehensive cancer centers into one transformative collaboration

Inspiration for UCLCC Screening Task Force

American Lung Association, State of Lung Cancer, 2021.

UC Screen California

An update on President Drake's systemwide priorities

Wednesday, September 20, 2023

Promoting health across California, including in our most vulnerable communities

- We are improving access to screening and chronic disease management in vulnerable populations for conditions such as cancer, diabetes, hypertension, and Long COVID. For example, the UC Lung Cancer Consortium has developed a five-year strategic plan to address the low rate of lung cancer screening in California.

Agenda

10:45 AM – 11:05 AM	Welcome and Introduction (Introducing the UCLCC)	Jonathan Goldman, MD Amy Cummings, MD, PhD
11:05 AM – 11:15 AM	Welcome to UCLA, From the Dean of DGSOM	Steven Dubinett, MD
11:15 AM – 11:30 AM	Transformational Possibility of Lung Cancer Screening	Denise Aberle, MD
11:30 AM – 11:40 AM	Pulmonology: Identifying Patients, Options for Biopsy	Catherine Oberg, MD
11:40 AM – 11:50 AM	ACS 2023 Guidelines Update	Tina Shih, PhD
11:50 AM – 1:00 PM	Lunch Break	
12:00 PM – 12:30 PM	CME Lecture: Identification of Patients, Counseling Patients, Tobacco Cessation	Michael Ong, MD, PhD
12:30 PM – 1:00 PM	CME Lecture: Updates to Eligibility, Management by Nodule Characteristics, Biopsy Options	Ashley Prosper, MD
1:00 PM – 1:30 PM	Primary Care Panel – How Do We Increase Screening: Barriers and Successful Pathways	Carol Mangione, MD Neil Wenger, MD Anjali Mattai, MD
1:30 PM – 1:40 PM	Update on Harms and Safety of Screening	Drew Moghanaki, MD, MPH
1:40 PM – 2:10 PM	Modern Therapeutics Panel: Overcoming Nihilism in Providers and the Public	Eddie Garon, MD, MS Jay Lee, MD Alan Lee, MD
2:10 PM – 2:25 PM	The Future of Lung Cancer Screening	Bryan Burt, MD
2:25 PM – 2:30 PM	Concluding Remarks	Jonathan Goldman, MD Amy Cummings, MD, PhD

Why Do You Need To Think Through Screening

Are You Healthy Enough To Get Screened?

Is A Different Test Right For You?

What Is Required For Screening?

What Are The Benefits And Potential Harms Of Getting Screened?

What Are The Costs And Resources Available For Getting Screened?

What Is Most Important To You When Deciding About Screening For Lung Cancer.

Is Screening for You?

Talk with your doctor about how getting screened for lung cancer may impact you.

Your Decisions Matter

Understanding lung cancer screening is important because it involves making important decisions with your doctor. Let's learn why:

There are three likely outcomes from getting screened for lung cancer

1. Most common

Nothing Is Found: While the likelihood of being diagnosed with lung cancer is relatively low, the probability of obtaining a negative result and gaining peace of mind is considerably high.

General Support

Need a ride, childcare or financial support to help with your lung cancer screening? California has the resources and community to support you and your family.

Getting There

Transportation

Medi-Cal offers transportation to and from appointments for services covered by Medi-Cal. This includes transportation to medical, dental, mental health, or substance use disorder appointments, and to pick up prescriptions and medical supplies.

When requesting transportation for your lung cancer screening, be sure to contact the transportation provider as soon as you can before an appointment.

LAC LCS COALITION

SPONSORED BY ACS

May 30th, 2024

standing together against lung cancer

MISSION

To reduce and ideally eliminate lung cancer screening disparities in Los Angeles County by ensuring every Los Angeles County resident has access to appropriate lung cancer screening and care.

VISION

To unite the strengths of Los Angeles County organizations into a transformative coalition that will promote lung cancer equity through coordinated care and research.

STRATEGIC PLAN

Lung cancer screening awareness & education

Collective advocacy to address legislative coverage gaps & reduce insurance barriers

Pathways to care & strategic partnerships along screening-to-treatment continuum

Interoperability & technology solutions

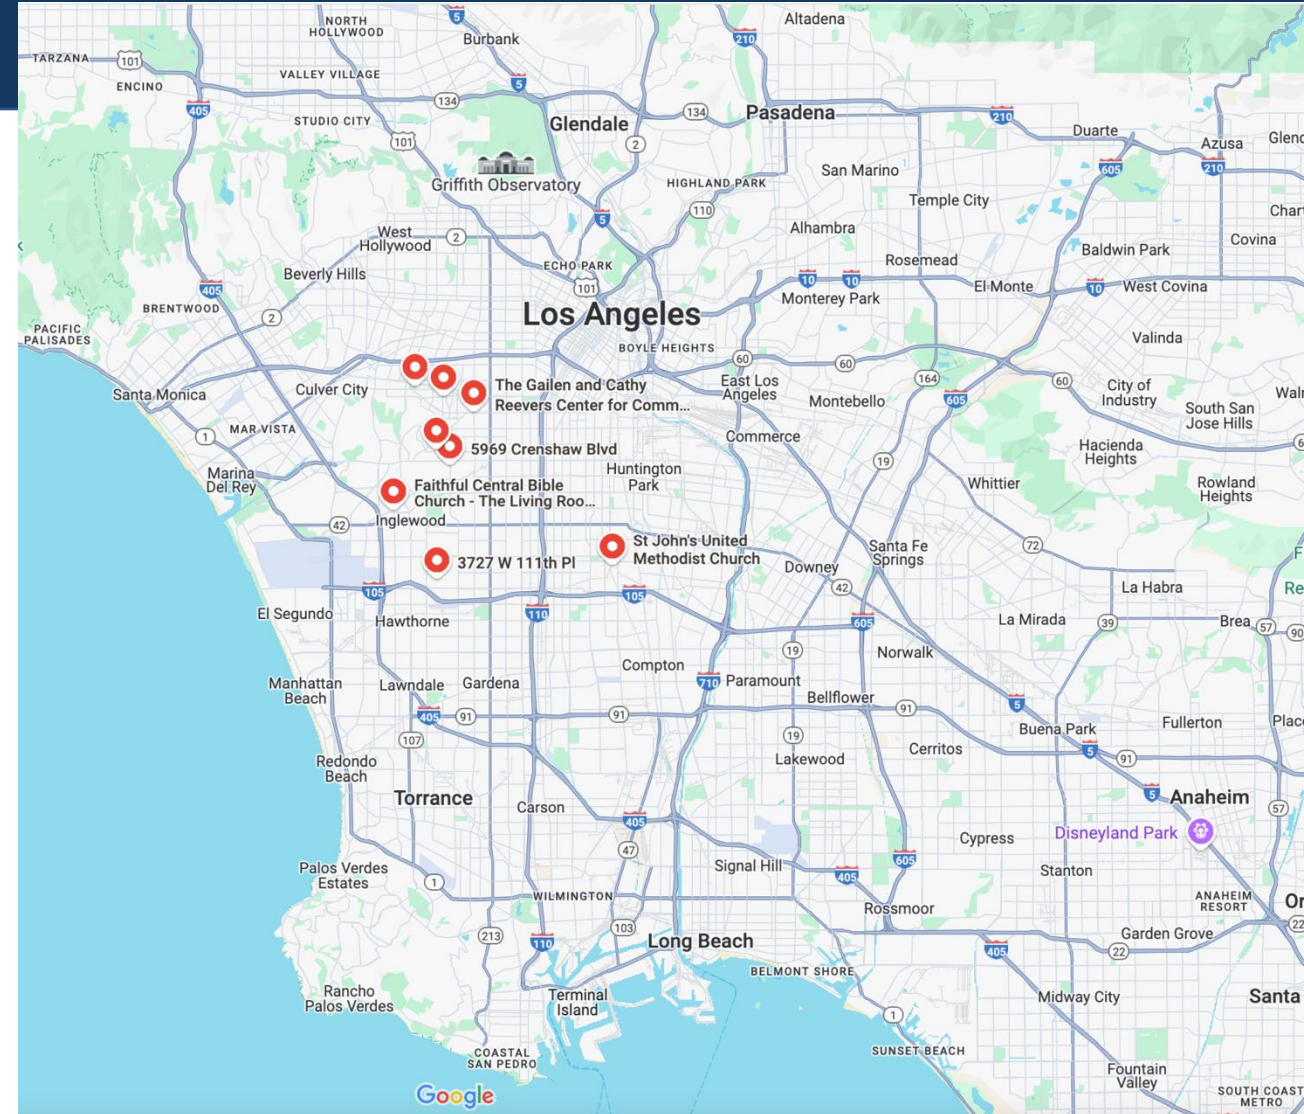

Partnership in broader screening landscape

Healthy Lungs California

Through grassroots outreach, we've tried to get the resources where they are needed the most (with the help of some amazing partners)

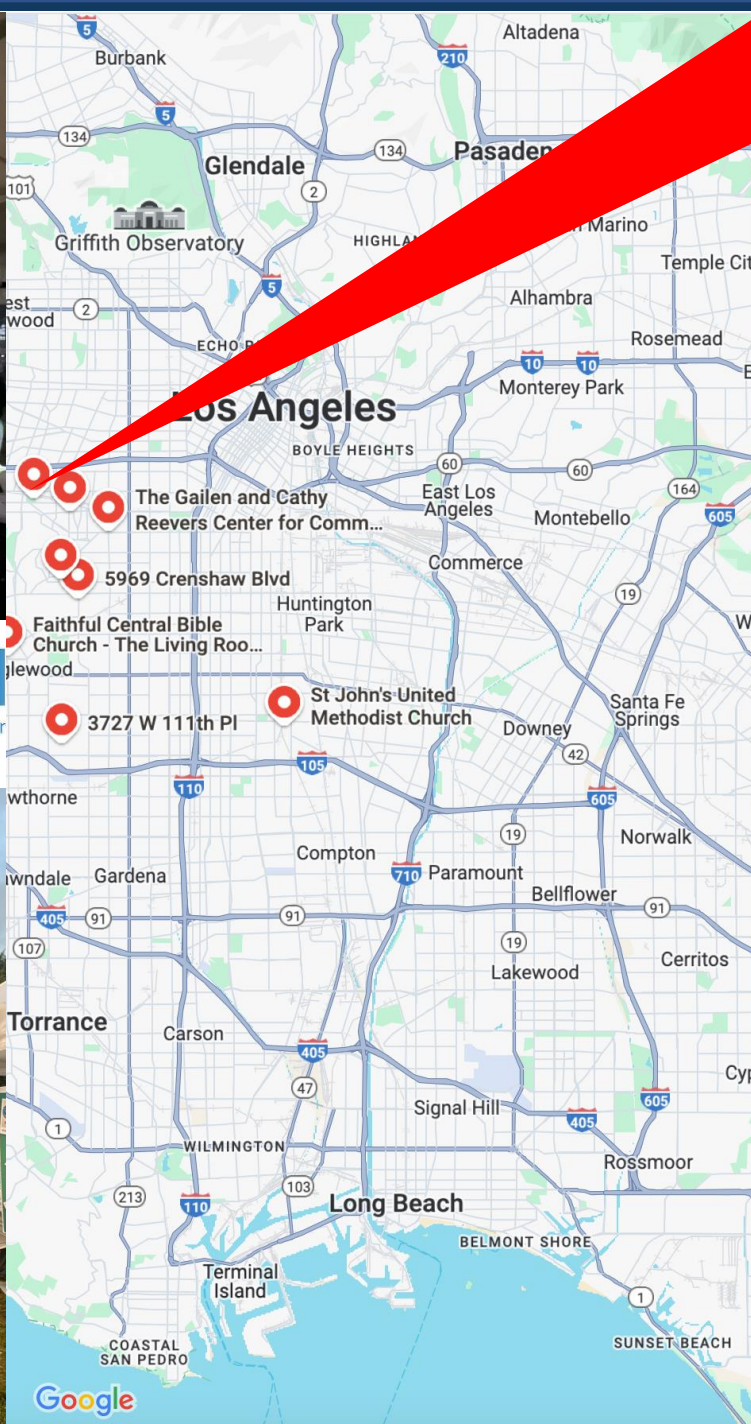

26 events in 60 days, over 30+ partnering groups, \$100K back in community, and 500+ with education on LCS where it is needed most
