ORDER CANCELLATION
An amount of 8% will be charged for the cancellation of any order. The amount charged increases to 15% when the order is cancelled within two (2) weeks of the expected shipment date.

Orders for which shipment is postponed for more than four (4) weeks from the original delivery date will be treated as cancellations. SBI reserves the right to withhold certain annual rebates payable at year-end if a customer refuses to pay any amount owing to SBI under the order cancellation policy.

CHANGES TO THE PRICE LIST
SBI reserves the right, without notice, to make changes to the price lists during the year (addition, withdrawal, price change, etc.). It is the customer's responsibility to always download the most up-to-date price list from the customer portal.

FUEL SURCHARGE
A freight surcharge may apply in the event of a crisis affecting the transport industry. The surcharge will apply to customers who are using SBI's prepaid, and prepaid and charge freight plans. The surcharge is applicable only if the T/L surcharge published by the Freight Carriers Association remains above 75% for a period of more than two weeks. If this occurs, the surcharge applied by SBI will be in force for a minimum of two weeks. If the rise in freight costs is not entirely attributable to a spike in fuel cost (e.g.: it could be caused by labour strikes, labour shortages, container shortages, etc.), then SBI may apply a surcharge per appliance at its discretion.

NORTH AMERICAN PREPAID & CHARGE FREIGHT POLICIES FOR PARTS AND ACCESSORIES
All part and accessories are shipped collect on the customer's courier account (UPS, Fedex, Puro, etc.). If the customer does not have a courier account, parts can be shipped ''prepaid & charge''. For customers ordering at least one stove, parts, and accessories with a total weight of less than 200 lb will ship free of charge under the customer's appliance freight program.
