01. PEOPLE

Recognized in temp, perm, and travel nursing staffing, with placements in hospitals and long-term care facilities. In-house recruiters source, screen, and monitor each provider for quality care and retention.

03. EXPERIENCE

Our team has placed over 5,000 temporary and permanent professionals across the USA, with a contingency plan for timely backup coverage.

04. COVERAGE

We place candidates in multiple states, drawing on a large pool of local and nationwide candidates interested in new opportunities.

Our team of experienced clinical liaisons recruits, screens, and thoroughly vets each candidate before they ever reach your facility.

CLINICAL EXPERIENCE

We focus on filling roles our recruiters have bedside experience with. That experience helps them recognize the traits of a high-quality nurse and, just as importantly, the subtle signs of a qualified nurse who does not have the right attitude.

3+

recruiters with nursing experience speak with every candidate before submission.

VERIFICATION

For each position we fill, we create a checklist of the facility's specific requirements and go through every item to verify the requirements are met before a candidate is submitted.

Ongoing Check -Ins

Support for every nurse and facility, from day one to the final shift.
