

WEEKLY CASE 003

The Riverside Ticket

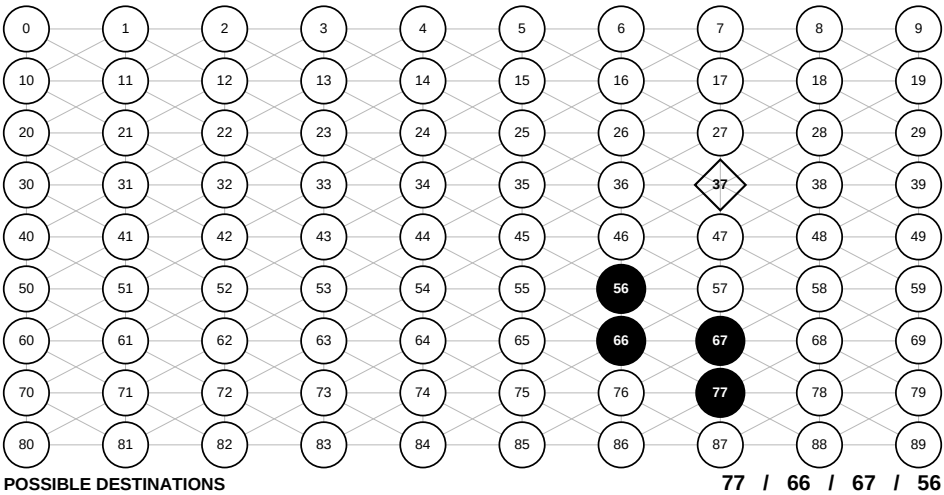

Departure Node 37. Reconstruct exactly 6 movements and identify the destination.

HOW TO PLAY

Move to any adjacent node - N, NE, E, SE, S, SW, W or NW. Never revisit a node.

Use every clue. Only one legal route reaches one of the four possible destinations.

Work it forwards. Then work it backwards.

EVIDENCE

- 01 The second stopping point was Node 57.
- 02 The fifth movement was S.
- 03 Movements 2 and 4 were in the same direction.
- 04 After movement 4, the route was on Node 76.
- 05 The first movement was diagonal.
