Testimonial for Shasha Malik & Ariff

Working with Shasha Malik and Arif has been an absolute pleasure for all of us at SG Gate Door Window.

They initially reached out to us for a potential collaboration, and this was actually our very first experience working with a UGC content creator. After reviewing their profile and content, we decided to proceed because we genuinely loved how authentic, relatable, and sincere their content felt. Their ability to connect with their audience naturally was exactly what we were looking for.

From the very beginning, the entire working process was smooth, professional, and stress-free. Both Shasha and Arif were incredibly accommodating and easy to work with. Having previously worked in the marketing industry herself, Shasha understood our objectives almost immediately and was able to align her content with our goals perfectly. Her experience and insights were extremely valuable throughout the collaboration.

What touched us the most was the effort they put in beyond what was expected. On the installation day, they even invited our team for lunch and cooked for us, making us feel genuinely welcomed and appreciated. It was such a thoughtful gesture that we will always remember.

We are truly grateful and blessed to have had the opportunity to work with them. Not only did they deliver everything within the agreed scope, but they also went above and beyond by creating additional content outside of our contract. On top of that, they generously shared ideas, suggestions, and guidance on how we could improve our own content strategy moving forward.

Their passion, creativity, and willingness to help made this collaboration much more than just a business arrangement. We sincerely appreciate all the effort, support, and value they brought to the partnership.

Thank you, Shasha and Arif, for such a wonderful experience. We look forward to working together again in the future and would highly recommend them to any brand looking for genuine, professional, and dedicated content creators.
